Re: Letter of Appreciation

Mr. Bernard,

From the beginning of our website project to the acceptance of the website development project for the Florence Police Department, and currently with our updates, I have consistently found you and your team's work product and commitment to making our website one of the best, to be excellent, responsive and attentive. My staff has found it to be very user friendly to make the updates we do from time to time.

I am very pleased and grateful that you have made our website come into existence with the quality it has. Should anyone contact me and inquire as to our experience with you and your firm, WestCoast Media, it would be in terms as described above. Just so you are aware, the City Council is pleased with our new website, the community is pleased with it, and the members of the Florence Police Department are pleased with it.

Please accept my appreciation for a job well done.

Sincerely,

Maurice K. Sanders, Chief of Police
